After I started building my own games I decided to start playing them and they are so intense. But I love it there is lots of challenges.

The community is toxic in many ways, Robloxian's have made characters with inappropriate content such as swearing in their usernames or wearing inappropriate clothing that make it look like they are roleplaying as an adult even though they shouldn't be. Although there are ROBLOX moderators, there should be more since some of them don't join Roblox or just don't care about some of the problems that some people have on Roblox.

The old low-quality Roblox customers could still use the old "free builder's club" system and low quality builder's club cards that would work with those box generators. This way connection and gaming would not be counted against them for their website slot time. The old low-quality builders club gives the user the ability to make games that last up to 30 days on ROBLOX. Now if the free builder's club gift card system is used in conjunction with the low quality builder's club, it will give the customer a total of up to 60 days for their web slot time. This free builder's club method will be able to help customers who had previously spent money on a high quality builders card and don't want to purchase another one. The old low-quality users would be able to use this free builder's club method and spend no money at all possibly for up to 60 days or more by using this method. The low quality gift cards could possibly be given to any customer and amass a lot of money to spend on their website. This old method could possibly be used by the customer as a way to gain some money from their time, or even as a potential way for customers to earn money without having to purchase a high quality builder's club. Therefore, if the user had one

of these low-quality gift cards, they can play games on ROBLOX for extended periods of time (such as up to 60 days or more). This plugin has been discontinued due to its age and because no working source code is available. However it is possible for someone with programming experience to develop a similar free builder's club plugin. Its functionality would be the same as the original one.

When there is an update that takes away all the content from one of the games I played, it's sad because I enjoyed it... And other people enjoyed it too.

It was reported that German and French users discovered the game while they were in Las Vegas for a conference. In response, Roblox changed the coding of this game so that the users can only use the knife when playing the game, instead of using guns as well.
